

Notice to Update the Menu and Increase the Price

Due to the disruptions caused by the COVID-19, the price of all food ingredients, particularly wagyu beef, have increased significantly after the lockdown lifted in Oct 2021. Since then we have tried all sorts of possible ways to absorb the increased costs with the aim to keeping our current menu prices. But after reviewing the feedbacks of customers, we finally have to decide to update the menu and to increase the prices to ensure the meat quality is constantly satisfactory.

As such, from 23rd December 2021, the price of the basic all-you-can-eat menu will be \$55 per person (Monday to Wednesday) and \$59.90 (Thursday to Sunday) with relevant adjustments to the existing menu. Under the current situation where wagyu beef is increasingly difficult to source domestically, we believe such new prices sustainably enable us to continue to offer all-you-can-eat menus with greater values to customers.
